shown with upgraded wheel package

**Mobile Destruction Unit
ICC-15SSD INCLUDES:**

- Garner TS-1 NSA/CSS EPL-listed degausser
- Garner PD-5 NSA/CSS EPL-listed destroyer
- Garner SSD-1 patented solid-state destroyer
- Automated image capture system
- Touch screen control head
- IRONCLAD erasure report software
- Custom built cart
- 20A power cord
- Bar-code scanner and stand
- Stylus
- IRONCLAD software support for one year
- 50 "Degaussed" labels for erased hard drives

Ensure No Data is Left Behind by:

- Maintaining chain-of-custody by rolling the data destruction cart to the media.
- Erasing hard drives to NSA Standards with the TS-1 degausser.
- Physically destroying hard drives to NSA Standards with the PD-5 hard drive destroyer.
- Physically destroying solid-state memory with the SSD-1.
- Tracking, documenting, and generating an IRONCLAD hard drive erasure log with images to withstand scrutiny of a security audit.

ICC-CART

- Removable doors
- Effortlessly pushes through office doors and hallways
- High quality wheels roll smoothly over uneven surfaces
- Optional wheel upgrade for increased ease of use
- Shore power--supplies power to all equipment with one 20A cord

TS-1 IRONCLAD

- Listed on the NSA/CSS Evaluated Products List
- IRONCLAD automated erasure verification with image capture
- Provides proof data is completely eliminated
- Internal field checker ensures complete erasure of hard drives and tapes
- Complete erasure in 45 seconds

PD-5 Destroyer

- Now with more robust crush chamber
- Listed on NSA/CSS Evaluated Products List
- Bends, breaks, and mangles hard drives, including data platters and other internal components, preventing data recovery
- Easily identifies that hard drives are ready for recycling/disposal

SSD-1 Destroyer

- Only for use with the PD-5
- Patented design
- Ninety interlocking spikes demolish individual memory chips so data cannot be retrieved
- Destroys solid-state media flash drives, USB thumb drives, and SSHD controller boards
- Use with the SSD-MT mechanical transport sleeves to hold smaller flash and thumb drives

Degaussed Labels

Labels for degaussed media to sign and date.

SSD-MT

Solid-state media transfer sleeves for SSD-1.

Bar-Code Scanner

Scans hard drive serial numbers as you degauss.

Stylus

For use with the touch screen control head.
