In Data Elimination

PD-5 ACCESSORY

SSD-CADDY

Destruction Accessory Station

SSD-CADDY

Add the SSD-CADDY to your PD-5 physical destroyer to create a compact, organized, and stable destruction accessory station. The SSD-CADDY securely locks into the base of the PD-5 to conveniently hold the SSD-1 solid-state destroyer and the SSD-MT solid-state media transport sleeves.*

Garner's PD-5 with SSD-CADDY shown housing the SSD-1 and SSD-MT10*

CADDY conveniently holds:

SSD-1 Solid-State Destroyer

Add the patented SSD-1. Ninety spikes puncture, perforate, waffle and demolish individual memory chips on solid-state media, thumb drives, cell phones, and SSHDs preventing data retrieval.

Solid-State Media Transport Sleeves

The SSD-MT sleeves hold smaller flash and thumb drives when using the SSD-1 solid-state destroyer. Each SSD-MT10 includes 10 individual sleeves.*

*PD-5, SSD-1, and SSD-MT10 options sold separately
